

Quantum Event:

- Place:
Electrical & Computer
Eng. 10th floor, room 1003
- Date & Time:
November 9th
12:30-14:30
- Speakers:
 - ❖ Ido Kaminer
(opening remarks)
 - ❖ Matan Even Tsur
 - ❖ Shiran Even-Haim
 - ❖ Asaf Diringer
- Pizza, Science and great
company 😊

November 9th, 2022
12:30-14:30

What's happening on campus in areas of continuous-variable quantum information processing?

A new and exciting field is now attracting increased interest in quantum technologies: using continuous variables to encode and process quantum information.

In this seminar, we will present some of the ongoing research at the Technion in this field.
