

Quantum School

26.2-2.3.2023

- Who?

Excellent Undergraduates who took a basic course in Quantum information theory, Graduates, PostDocs and Researchers from the Quantum area.

Where: Kedma, Sde Boker

- How:

<https://quantum.technion.ac.il/events/320>

Registration is mandatory

- Organizing Committee:

Professor Itai Arad
Professor Uzi Pereg
Professor Ido Kaminer
Professor Yosi Avron

Challenges and advances in quantum computing

list of speakers:

Professor Artur Ekert, Oxford

Professor Edward Farhi, MIT

Professor Victor Albert, NIST

Professor Robert Raussendorf, British Columbia

Professor Anthony Leverrier, INRIA Paris

Professor Thomas Vidick, Weizmann

Professor Uzi Pereg, Technion

Professor Ido Kaminer

Professor Netanel Lindner

Sponsored by the Robert & Ruth Magid
Quantum education program
